I apologize for the delay, but the Fish Community Report from Summer/Fall 2009 effort has been posted to OurPassaic.org. Go to "Project Activities" in the left panel of the main page, then click on "Sampling Activities" -- a link to the report is provided at the end of the second item listed on this page.

Please let me know if you have any questions. It took me a while to download the document.

Thanks,
Stephanie
